1                    **DECLARATION OF ROLAND TELLIS AND DAVID STELLINGS**

2                    We, Roland Tellis and David Stellings, declare as follows:

3                    1.        Roland Tellis is an attorney licensed to practice before this Court and  
4 all courts of the State of California. David Stellings is admitted to practice before  
5 this Court *pro hac vice*. We are partners in the law firms of Baron & Budd, P.C. and  
6 Lieff Cabraser Heimann & Bernstein, LLP, respectively, and were appointed by this  
7 Court as Co-Lead Counsel for Plaintiffs in the above-captioned matter. ECF 106.

8                    2.        We have personal knowledge of the following facts, and if called as  
9 witnesses, we could and would testify competently to them. We make this  
10 declaration in support of the Mitsubishi Plaintiffs’ Motion for Final Approval of  
11 Class Action Settlement, and award of attorneys’ fees, expenses, and service awards  
12 to Settlement Class Representatives under FED. R. CIV. P. 23(e), (h).

13                    **Litigation And Settlement History**

14                    3.        Investigating and prosecuting this complex litigation to date has  
15 required significant work, effort, and expense over the course of nearly six years.  
16 Prior to reaching the Settlement with Mitsubishi, the Plaintiffs and proposed  
17 Settlement Class Counsel conducted a comprehensive factual investigation into  
18 Plaintiffs’ allegations, which involves a highly technical automotive defect.  
19 Plaintiffs propounded requests for production to Mitsubishi Motors North America,  
20 and propounded jurisdictional discovery requests to its Japanese parent company,  
21 Mitsubishi Motors Corporation. Settlement Class Counsel and Mitsubishi’s counsel  
22 also met and conferred extensively about this discovery and a variety of other  
23 topics, including Mitsubishi’s ESI disclosures.

24                    4.        Plaintiffs have also engaged in extensive discovery with the suppliers  
25 for the defective parts in the Mitsubishi Class Vehicles—the ZF-TRW and ST  
26 Defendants—to develop their understanding of the ACU Defect in Mitsubishi Class  
27 Vehicles and, relatedly, their case against Mitsubishi. The supplier Defendants have  
28 produced or made available more than three million pages of documents relevant to

1 Plaintiffs' claims and the alleged defect in this case. Mitsubishi itself produced  
2 approximately 11,325 pages of documents. Plaintiffs' review and synthesis of the  
3 documents and electronically stored information produced to date, as well as other  
4 independent research and expert work, culminated in the filing of the operative  
5 1,300-page, factually detailed Amended Consolidated Class Action Complaint.

6 5. Settlement Class Counsel have reviewed and analyzed the extensive  
7 set of relevant documents produced by Mitsubishi and the other Defendants, as well  
8 as material they obtained through their own investigative efforts, to inform  
9 Plaintiffs' understanding of the strengths and weaknesses of their claims against  
10 Mitsubishi. In addition, Settlement Class Counsel reviewed responses to multiple  
11 sets of interrogatories and requests for admission served on multiple Defendants.

12 6. Following the appointment of Settlement Special Master, Patrick A.  
13 Juneau, Esq., we spent considerable time and resources in arm's length settlement  
14 negotiations with Mitsubishi's counsel for nearly two years. The parties participated  
15 in several in-person mediation sessions, all of which were overseen by the Court-  
16 appointed Settlement Special Master. The parties also engaged in dozens of video  
17 and telephonic conferences between these in person conferences. The parties  
18 reached agreement on material terms for a settlement in the late fall of 2023 and  
19 spent the next several months drafting and finalizing the Settlement Agreement  
20 before the Court.

### 21 **Settlement Benefits And Anticipated Recovery**

22 7. The Settlement benefits are discussed at length in the Court's  
23 preliminary Approval Order (ECF 983). In short, the Settlement secures a non-  
24 reversionary Settlement Amount of \$8,500,000, to the benefit of the proposed  
25 Settlement Class. It also provides other valuable benefits to Mitsubishi Class  
26 Members, along with a 10-year Settlement Inspection Program, which will benefit  
27 all Mitsubishi Class Members by mandating procedures for the active investigation  
28

1 and documentation of airbag non-deployments in Mitsubishi Class Vehicles that  
2 may be caused by electrical overstress.

3 **The Settlement Class Representatives**

4 8. The Mitsubishi Plaintiffs, who all seek to be Settlement Class  
5 Representatives, have actively participated in this litigation and will continue to  
6 vigorously protect the interests of the class, as they have throughout this litigation.  
7 The Mitsubishi Plaintiffs understand their duties as Settlement Class  
8 Representatives and have agreed to consider the interests of absent Mitsubishi Class  
9 Members. The Mitsubishi Plaintiffs have reviewed and uniformly endorsed the  
10 Settlement terms and have no interests that would be in conflict with the Mitsubishi  
11 Class Members. Each Settlement Class Representative has also expressed their  
12 continued willingness to protect the Mitsubishi Class until the Settlement is finally  
13 approved and its administration completed.

14 9. Considering the extensive efforts required to prosecute this case and  
15 serve the Settlement Class, we estimate that each Mitsubishi Plaintiff spent at least  
16 25 hours on the litigation. For their longstanding commitment and contributions to  
17 the case, Counsel submit that these three individuals have earned the moderate  
18 requested service awards of \$2,500.

19 **Time And Expense Submission**

20 10. Pursuant to the Court-entered Common Benefit Order (“CBO”), ECF  
21 111, Liaison Counsel, each participating Plaintiff Steering Committee (“PSC”) firm,  
22 as well as other counsel authorized by Co-Lead Counsel to perform common  
23 benefit work, submitted monthly time and expense reports to our firms. Co-Lead  
24 Counsel, Liaison Counsel and members of the PSC (along with members and staff  
25 of their respective firms), and other counsel expressly authorized by Co-Lead  
26 Counsel to perform work that may be considered for common benefit compensation  
27 are collectively referred to as “Participating Counsel” below.  
28

1 11. The CBO imposes limitations on the hourly rates for Participating  
2 Counsel of \$895/hour for partners; \$350-\$600/hour for associates; \$415/hour for  
3 document review attorneys; and \$175-\$275/hour for paralegals and assistants. *See*  
4 ECF 111 at 5-6. These rates were fixed in March 2020, and have not been adjusted  
5 for inflation or otherwise increased in the five years since. For many timekeepers,  
6 these Court-capped hourly rates fall well below their standard and customary rates.  
7 The CBO also imposes limitations on reimbursable expenses. *Id.* at 4-5.

8 12. Attorneys and staff working at our direction and under our supervision  
9 collected these common benefit submissions and have maintained a database of all  
10 submitted time and expenses. These attorneys and staff reviewed and (using best  
11 reasonable efforts) audited the submissions to ensure that only time and expenses  
12 that inured to the benefit of the Settlement Class and that advanced the claims  
13 resolved in the Class Action Settlement have been included in the time and costs  
14 presented in the fee motion.

15 **Hours Incurred and Rates Billed**

16 13. For the reasons discussed below, we respectfully submit that the  
17 attorneys' fees, costs, and expenses requested in the accompanying motion are  
18 reasonable.

19 14. This is a large and complex MDL and involves numerous law firms on  
20 both sides of the litigation. As Court-appointed Co-Lead Counsel, we are charged,  
21 among other duties, to oversee and supervise all Participating Counsel and to  
22 ensure compliance with the rules and guidelines for work performed and expenses  
23 incurred for the common benefit of all Plaintiffs in this MDL, including the  
24 Mitsubishi Plaintiffs. In this capacity, we have ensured the reasonable, effective,  
25 and efficient prosecution of this litigation and the Mitsubishi Plaintiffs' Claims. To  
26 that end, we have encouraged the attorneys working on this matter to perform  
27 assignments efficiently, including by using the resources and guidance of  
28 experienced attorneys on the case. We believe this approach has saved time spent

1 on the litigation overall, with the benefit of insight, guidance, and experience on  
2 discrete litigation and strategy issues.

3 15. To date, using the capped and reduced billing rates set by the Court in  
4 the CBO, the total lodestar for the common benefit work performed by Participating  
5 Counsel in this case is \$55,617,596. The total lodestar applying each timekeeper's  
6 standard and routinely Court-approved hourly rates, where available, is  
7 \$64,044,860.

8 16. From these top line numbers, we subtract the lodestar previously  
9 allocated to the earlier Toyota Settlement (\$11,520,547.22 with capped rates, and  
10 \$12,800,004.84 with market rates). The remaining total "adjusted lodestar" to date,  
11 using the capped and reduced hourly rates set by the Court in the CBO, is  
12 \$44,097,048.78. The total adjusted lodestar with each timekeeper's standard and  
13 routinely Court-approved hourly rates is \$51,244,855.16, for a reduction of  
14 approximately 14% (\$7.15 million) from the market-rate fees of participating  
15 counsel.

16 17. In our professional judgment and based on our familiarity with the  
17 work performed at our direction, we estimate the work fairly and reasonably  
18 attributed to efforts that benefited the Mitsubishi Settlement Class and the  
19 prosecution of their claims against Mitsubishi as follows: from the total hours  
20 worked, 70% of the efforts are attributable to the six Vehicle Manufacturer  
21 Defendants, and the remaining 30% of work is specific to the two supplier  
22 Defendants (ZF and ST Micro), recognizing that much of the work for the suppliers  
23 also advances the claims against the Vehicle Manufacturer Defendants.

24 18. Within the amount allotted to the Vehicle Manufacturer Defendants,  
25 we estimate approximately 4% of that work is reasonably associated with  
26 Mitsubishi. This apportionment to Mitsubishi is supported by: (a) the size and scale  
27 of the Mitsubishi Class, which cover approximately 100,000 of the 15 million Class  
28 Vehicles at issue in this consolidated litigation; (b) efforts in responding to

1 Mitsubishi and the other Defendants' joint pleading challenges to Plaintiffs'  
2 Consolidated Class Action Complaint; (c) the discovery, investigative and expert  
3 work that developed and advanced the Mitsubishi Plaintiffs' claims to this favorable  
4 resolution; and (d) the focused time and efforts to develop and negotiate the  
5 Settlement terms with Mitsubishi over the course of nearly two years.

6 19. Pursuant to the formula above, to date, in furtherance of the work  
7 described above associated with the Mitsubishi Plaintiffs' claims against  
8 Mitsubishi, among other tasks and responsibilities, and pursuant to the terms of the  
9 CBO, lodestar resulting from those hours using the capped and reduced billing rates  
10 set by the Court in the CBO is \$1,234,717.37, and the blended average billing rate  
11 is approximately \$605. Using this time alone, the lodestar multiplier resulting from  
12 Settlement Class Counsel's fee request is 2.02.

13 20. However, even more work will be required to: (1) obtain final approval  
14 of the Settlement; (2) protect the Settlement on appeal (if any appeals are lodged);  
15 and (3) oversee and help implement the Settlement until the end of the Claims  
16 Period, which will include, among other things, responding to inquiries from  
17 Mitsubishi Class Members who owned or leased one of the approximately 100,000  
18 Mitsubishi Class Vehicles.

19 21. We anticipate that Settlement Class Counsel hereafter will incur no  
20 fewer than approximately 300 hours (\$183,333 in lodestar, at the current blended  
21 rate) to finalize, protect, and implement the Settlement. This brings the total  
22 lodestar to \$1,418,050.37 and yields a multiplier of 1.76.

23 22. Attached as **Exhibit A** to this declaration is a spreadsheet that presents  
24 a summary of the common benefit work performed by Participating Counsel. The  
25 spreadsheet is organized by the 13 specific task categories set forth in the CBO, and  
26 lists the law firms, names, positions, number of hours worked, hourly rate, and fees  
27 for each of the attorney and staff members who performed the common benefit  
28 work, and formatted in substantially the same form as the model spreadsheet in

1 Exhibit G of the Court’s Standing Order, with some minor adjustments to the  
2 formatting due to the size and scope of the data.

3 23. Attached as **Exhibit B** to this declaration is a spreadsheet that presents  
4 the same information as Exhibit A, but organized by attorney/staff member, and  
5 includes a grand total of all the fees across all timekeepers and all law firms, and  
6 formatted in substantially the same form as the model spreadsheet in Exhibit G of  
7 the Court’s Standing Order, with some minor adjustments to the formatting due to  
8 the size and scope of the data.

9 24. As Exhibits A and B demonstrate,<sup>1</sup> Participating Counsel expended  
10 significant hours on Pleadings, Briefs, and Legal Research. This includes, among  
11 other things: (1) investigating, researching and drafting a 500+ page Consolidated  
12 Amended Complaint and a 1,300+ page Amended Consolidated Class Action  
13 Complaint; and (2) analyzing, researching, and drafting complex motion to dismiss  
14 briefing, as well as the settlement approval briefing. All of this was essential to  
15 informing the strengths and weaknesses of the Mitsubishi Plaintiffs’ claims, and  
16 critical to the success of the case.

17 25. Discovery and Document Review also comprise a significant portion  
18 of the total hours billed. But it bears repeating that the Defendants have collectively  
19 produced millions of pages of documents in this MDL, including 11,325 pages from  
20 Mitsubishi itself, many of which were relevant to the Mitsubishi Plaintiffs’ claims  
21 and the ACU Defect that underlies them.

22 26. Analyzing those documents was a massive undertaking that  
23 encompassed much more than simple “doc review,” as some (improperly)

---

24 <sup>1</sup> As explained above, the data in Exhibits A and B reflects the complete data of  
25 lodestar incurred in this litigation to date, and not the “adjusted lodestar” that  
26 accounts for the lodestar previously recovered in the Toyota settlement. For that  
27 reason, the total case lodestar data reflected in the Exhibits submitted herewith is  
28 higher than the “adjusted lodestar” reported here, because the lodestar data in the  
Exhibits is comprehensive and includes all data, including the lodestar that was  
previously attributed to (and awarded for) Toyota.

1 understand that term. To streamline the review of MDL documents for this  
2 litigation, we—along with attorneys at our firms working under our supervision—  
3 developed and honed targeted search terms to isolate documents relevant to the  
4 ACU Defect and its symptoms, and Defendants’ analyses thereof, and also  
5 developed a nuanced coding panel and trained attorneys in its use and in the case  
6 contours. Those attorneys then carefully reviewed, analyzed, and coded Mitsubishi  
7 and other Defendants’ productions. That analysis and coding was reviewed for  
8 quality control. In short, all of this time was essential in understanding the strengths  
9 and weaknesses of the case.

10 **Settlement Class Counsel’s Billing Rates Are Reasonable**

11 27. Settlement Class Counsel are highly skilled practitioners with  
12 significant experience litigating complex class actions, including automotive defect  
13 class actions. As such, the capped billing rates identified above are reasonable.  
14 Further, these rates are in line with the prevailing market rates. Indeed, courts in  
15 this Circuit routinely approve similar or higher hourly rates to those here in  
16 complex class action cases like this. *See, e.g., In re ZF-TRW Airbag Control Units*

18 up to \$875 for partners and \$595 for associates).

19 28. Additionally, empirical data regarding the average rates charged in this  
20 District supports the reasonableness of Settlement Class Counsel’s billing rates.  
21 Specifically, the “Real Rate Report identifies attorney rates by location, experience,  
22 firm size, areas of expertise and industry, as well as specific practice areas, and is  
23 based on actual legal billing, matter information, and paid and processed invoices  
24 from more than eighty companies.” *Rolex Watch USA Inc. v. Zeotec Diamonds Inc.*,  
25 No. CV 021-089 PSG VBK(x), 2021 WL 4786889, at \*3 (C.D. Cal. Aug. 24, 2021).

26 29. The 2023 Real Rate Report, based on data collected through Q2 of  
27 2023 (i.e., not adjusted for the subsequent inflation in the last year), reflects hourly  
28 rates for litigation partners in Los Angeles of \$525 (for the first quartile) to \$1,159

1 (for the third quartile), with a median hourly rate of \$840. For Los Angeles  
2 litigation associates, hourly rates are \$431-\$880 per-hour, with a median hourly rate  
3 of \$680. An excerpted copy of the 2023 Real Rate Report is attached as **Exhibit C**  
4 to this declaration.

5 **Costs Incurred**

6 30. Settlement Class Counsel seek reimbursement of \$50,000 in litigation  
7 expenses. This includes \$39,250.73 in costs already incurred for the benefit of the  
8 Class, as well as \$10,749.27 in projected costs that Settlement Class Counsel is  
9 responsibly reserving to cover expenses associated with the on-the-ground  
10 enforcement and assistance efforts this Settlement will require—including, for  
11 example, maintaining the document hosting platform, and protecting the settlement  
12 until after all potential appeals are resolved. The CBO imposes limitations on travel  
13 and other costs to further ensure the reasonableness thereof.

14 31. In Table 1, below, the requested costs are broken down by the  
15 categories enumerated in Exhibit B to the Common Benefit Order. *See* ECF 111,  
16 Ex. B. To arrive at the costs attributed to the Mitsubishi Settlement for  
17 reimbursement, Settlement Class Counsel took the total values of expenses incurred  
18 through July 31, 2024, and subtracted from those totals the expense amounts  
19 previously allocated and awarded in the Toyota Settlement. Settlement Class  
20 Counsel then applied the framework described in paragraphs 16-18 above to the  
21 remaining the common benefit expenses incurred to date, to thus reasonably and  
22 fairly allocate the costs attributable to the Plaintiffs’ claims against Mitsubishi.

32. A significant cost (\$13,025.26) was for the eDiscovery services and document processing platform. Although not included as a category in the CBO,

1 this cost was necessary for processing, maintaining, and analyzing the millions of  
2 pages of documents produced in this case.

3 33. Settlement Class Counsel incurred additional material expenses for  
4 experts. This is not surprising given the technical nature of the ACU Defect at issue  
5 in this litigation and the efforts undertaken to resolve it. The experts' involvement  
6 was significant and their contributions were critical to the litigation and resolution.

7 \* \* \*

8 34. For the foregoing reasons, and those outlined in the Mitsubishi  
9 Plaintiffs' Motion, the Mitsubishi Plaintiffs seek final approval of the Settlement as  
10 well as an award of \$2.5 million in fees and \$50,000 in costs pursuant to Federal  
11 Rule of Civil Procedure 23(h), to be allocated by Co-Lead Counsel among  
12 Participating Counsel that performed work related to the Mitsubishi Plaintiffs'  
13 claims against Mitsubishi in this case.

14 35. Based on our significant experience in complex automotive defect  
15 class cases like this one, and Settlement Class Counsel's work in this case day in  
16 and day out for nearly six years, we are confident in the result obtained for the  
17 Mitsubishi Class Members here and the process used to reach it, and strongly  
18 recommend its approval.

## A Letter to Our Readers

Welcome to the latest edition of Wolters Kluwer ELM Solutions Real Rate Report®, the industry's leading data-driven benchmark report for lawyer and paralegal rates.

Our Real Rate Report has been a relied upon data analytics resource to the legal industry since its inception in 2010 and continues to evolve, providing you with the most comprehensive rate benchmarking insights, trends, and practices. The Real Rate Report is powered by the Wolters Kluwer ELM Solutions LegalVIEW® data warehouse, which has grown to include \$160B+ in anonymized legal data.

The depth and granularity of the data within the Real Rate Report empowers users to benchmark and negotiate effectively and make well-informed investment and resourcing decisions for the organization.

As with previous Real Rate Reports, our data is sourced from corporations' and law firms' e-billing and time management solutions. We have included lawyer and paralegal rate data filtered by specific practice and sub-practice areas, metropolitan areas, and types of matters. This level of detail gives legal departments and law firms the precision they need to identify areas of opportunity. We strive to make the Real Rate Report a valuable and actionable reference tool for legal departments and law firms.

As always, we welcome your comments and suggestions on what information would make this publication more valuable to you. We thank our data contributors for participating in this program. # Report Use Considerations

## 2023 Real Rate Report

- Examines law firm rates over time
- Identifies rates by location, experience, firm size, areas of expertise, industry, and timekeeper role (i.e., partner, associate, and paralegal)
- Itemizes variables that drive rates up or down

All the analyses included in the report derive from the actual rates charged by law firm professionals as recorded on invoices submitted and approved for payment.

Examining real, approved rate information, along with the ranges of those rates and their changes over time, highlights the role these variables play in driving aggregate legal cost and income. The analyses can energize questions for both corporate clients and law firm principals.

Clients might ask whether they are paying the right amount for different types of legal services, while law firm principals might ask whether they are charging the right amount for legal services and whether to modify their pricing approach.

### Some key factors<sup>1</sup> that drive rates<sup>2</sup>:

**Attorney location** - Lawyers in urban and major metropolitan areas tend to charge more when compared with lawyers in rural areas or small towns.

**Litigation complexity** - The cost of representation will be higher if the case is particularly complex or time-consuming; for example, if there are a large number of documents to review, many witnesses to depose, and numerous procedural steps, the case is likely to cost more (regardless of other factors like the lawyer's level of experience).

**Years of experience and reputation** - A more experienced, higher-profile lawyer is often going to charge more, but absorbing this higher cost at the outset may make more sense than hiring a less expensive lawyer who will likely take time and billable hours to come up to speed on unfamiliar legal and procedural issues.

**Overhead** - The costs associated with the firm's support network (paralegals, clerks, and assistants), document preparation, consultants, research, and other expenses.

**Firm size** - The rates can increase if the firm is large and has various timekeeper roles at the firm. For example, the cost to work with an associate or partner at a larger firm will be higher compared to a firm that has one to two associates and a paralegal.
